NRS 613.460(2) requires that each employer shall post and maintain this notice in a conspicuous location at the place of employment where notices to employees and applicants for employment are customarily posted and read.

Pursuant to NRS 613.440(2), Lie detector means polygraph, voice stress analyzers, psychological stress evaluator or any other similar device, whether mechanical or electrical, which are designed to determine the honesty or dishonesty of an individual.

NRS 613.480(1) prohibits employers or anyone acting in the employer's behalf from requiring or requesting that an employee or prospective employee take or submit to any lie detector test except as provided in NRS 613.510.

Such permission exists only in situations where job applicants or employees have direct access to the controlled substances or where suspected abuse or theft is involved.

***Summary of NRS and NAC Provisions and should not be considered legal advice - REVISED 6-30-20**

NEVADA SAFETY AND HEALTH PROTECTION ON THE JOB

The Nevada Occupational Safety and Health Act, NRS Chapter 618, provides job safety and health protection for workers through the promotion of safe and healthful working conditions throughout the State of Nevada. Requirements of the Act include the following:

EMPLOYERS:

Each employer shall furnish to each of his employees employment and a place of employment free from recognized hazards that are causing or are likely to cause death or serious physical harm to his employees; and shall comply with occupational safety and health standards adopted under the Act.

EMPLOYEES:

Each employee shall comply with all occupational safety and health standards, rules, regulations and orders issued under the Act that apply to his own actions and conduct on the job.

The Nevada Occupational Safety and Health Administration (Nevada OSHA) of the Division of Industrial Relations, Department of Business and Industry, has the primary responsibility for administering the Act. Nevada OSHA enforces occupational safety and health standards, and its Safety and Health Representatives/ Industrial Hygienists conduct jobsite inspections to ensure compliance with the Act.

INSPECTION:

The Act requires that a representative of the employer and a representative authorized by the employees be given an opportunity to accompany the Nevada OSHA inspector for the purpose of aiding the inspection.

Where there is no authorized employee representative, the Nevada OSHA Safety and Health Representative/ Industrial Hygienist must consult with a reasonable number of employees concerning safety and health conditions in the workplace.

COMPLAINT:

Employees, public or private, or their representatives have the right to file a complaint with the nearest Nevada OSHA office requesting an inspection if they believe unsafe or unhealthful conditions exist in their workplace. Nevada OSHA will hold confidential names of employees complaining.

The Act provides that employees may not be discharged or discriminated against in any way for filing safety and health complaints or otherwise exercising their rights under the Act.

An employee, public or private, who believes he has been discriminated against may file a complaint within thirty (30) days of the alleged discrimination with the nearest Nevada OSHA office or with Occupational Safety and Health Administration, U.S. Department of Labor, 90 7th Street, Suite 18100, San Francisco, CA 94103.

CITATIONS:

If upon inspection Nevada OSHA believes an employer has violated the Act, a citation alleging such violations will be issued to the employer. Each citation will specify a time period within which the alleged violation must be corrected.

The Nevada OSHA citation must be prominently displayed at or near the place of alleged violation for three days, or until it is corrected, whichever is later, to warn employees of dangers that may exist there.

PROPOSED PENALTY:

The Act provides for mandatory penalties against employers of up to \$13,494 for each serious violation and for optional penalties of up to \$13,494 for each nonserious violation. Penalties of up to \$13,494 per day may be proposed for failure to correct violations within the proposed time period. Also, any employer who willfully or repeatedly violates the Act may be assessed penalties of up to \$134,937 for each such violation.

Criminal penalties are also provided for in the Act. Any willful violation resulting in death of an employee, upon conviction, is punishable by a fine of not more than \$50,000 or by imprisonment for not more than six months, or by both. Conviction of any employer after a first conviction doubles these maximum penalties. Penalties may be proposed for public employers.

VOLUNTARY ACTIVITY:

While providing penalties for violations, the Act also encourages efforts by labor and management, before a Nevada OSHA inspection, to reduce injuries and illnesses arising out of employment.

The Nevada Occupational Safety and Health Administration of the Division of Industrial Relations, Department of Business and Industry, encourages employers and employees to reduce workplace hazards voluntarily and to develop and improve safety and health programs in all workplaces and industries.

Such cooperative action would initially focus on the identification and elimination of hazards that could cause death, injury, or illness to employees and supervisors.

Further information and assistance will be provided by Nevada OSHA to employees and employers upon request.
